BUDAPEST

We are proud of our domestic private banking databases which we have been building since 2004 and proud for our Hungarian and international professional awards as well!

Each year, we are honored by the growing interest in the Conference both by our returning partners and the new entrants, which we take as a confirmation that we are able to satisfy the high-level, professional needs of the sector. We are proud of the fact, that we had almost 1300 participants in round table discussions over the years.
