Annual Private Banking and Wealth Management Yearbook

This years' Annual Private Banking and Wealth Management Yearbook focuses on themes in depth which is well shown in the table of contents. We tried to put more infographics in it to show our measurements and applications, as we honestly believe that for every partner of ours who work as a wealth manager this will be a huge help for working, planning and self-education as well. Our constant and up-to-date attention in wealthy private banking market allowed us to make prognoses with outstanding accuracy about the sectors' current trends, not only focusing on the provider, but on costumer demands as well. We are proud, that our publications about the domestic private banking and wealth management sector is the one and only sectoral summary which provides an overall picture in Middle Eastern Europe for 17 years now. The publication also gives a research basis to all, who pays attention to the Hungarian private banking processes, and for the media.

Euromoney Magazin – Philanthropic Advice

We're very proud that Blochamps Capital Ltd. has been chosen as the winner of the „Philanthropic Advice” category in the 2020 Euromoney Magazine Private Banking and Wealth Management Survey. It's always a great pleasure for us when our firm receives professional nominations in a prestigious Survey like Euromoney, with thousands of valid market responses.
